EXPERIMENT – 06
GYM MEMBERSHIP APPLICATION–AUTOMATION SUITE AND WORKFLOW OPTIONS

Aim:

To build and document the automation system for the Gym Membership Enrollment application using Zoho Creator workflow options, including form workflows, schedules, approvals, payments, blueprints, batch workflows, report workflows, and functions.

1. Objective

This experiment demonstrates the use of eight Zoho Creator workflow options to automate gym membership activities, from enrollment submission to payment confirmation and membership renewal.

2. Workflow Mapping Overview

Workflow Type	Configuration / Purpose
Form Workflow	On_Member_Submit_Workflow – sends enrollment confirmation emails to new members.
Schedule	Daily_Renewal_Reminder_Schedule – sends reminders for upcoming membership renewals.
Approval	Personal_Training_Approval – manages approval requests for personal training services.
Payment	Membership_Fee_Payment_Workflow – manages membership fee payment confirmation.
Blueprint	Membership_Lifecycle_Blueprint – manages membership stages and status transitions.
Batch Workflow	Bulk_Membership_Status_Update – processes multiple membership records.
Report Workflow	OnEdit_Update_Membership_Workflow – updates membership information after report edits.
Function	Generate_Membership_Confirmation_Function – generates membership confirmation notifications.

3. Detailed Workflow Configurations

Form Workflow – On_Member_Submit_Workflow

- Purpose: Sends an enrollment acknowledgement when a member submits the Gym Membership Enrollment Form.
- Action: Sends a confirmation email to the member and notifies the gym administrator.

Schedule – Daily_Renewal_Reminder_Schedule

- Purpose: Checks for memberships approaching their renewal dates.
- Action: Sends automated reminders to members about upcoming renewals and pending payments.

Approval – Personal_Training_Approval

- Purpose: Manages approval requests for personal training services.
- Action: Notifies the member when the request is approved or rejected.

Payment – Membership_Fee_Payment_Workflow

- Purpose: Manages membership fee payment processing.
- Action: Updates the payment status and sends confirmation after successful payment verification.

Blueprint – Membership_Lifecycle_Blueprint

- Purpose: Controls the progression of members through different membership stages.
- Stages and Transitions: Moves records through Enquiry, Enrolled, Active, and Expired statuses.

Batch Workflow – Bulk_Membership_Status_Update

- Purpose: Processes multiple membership records efficiently.
- Action: Updates eligible membership statuses and identifies records requiring administrative review.

Report Workflow – OnEdit_Update_Membership_Workflow

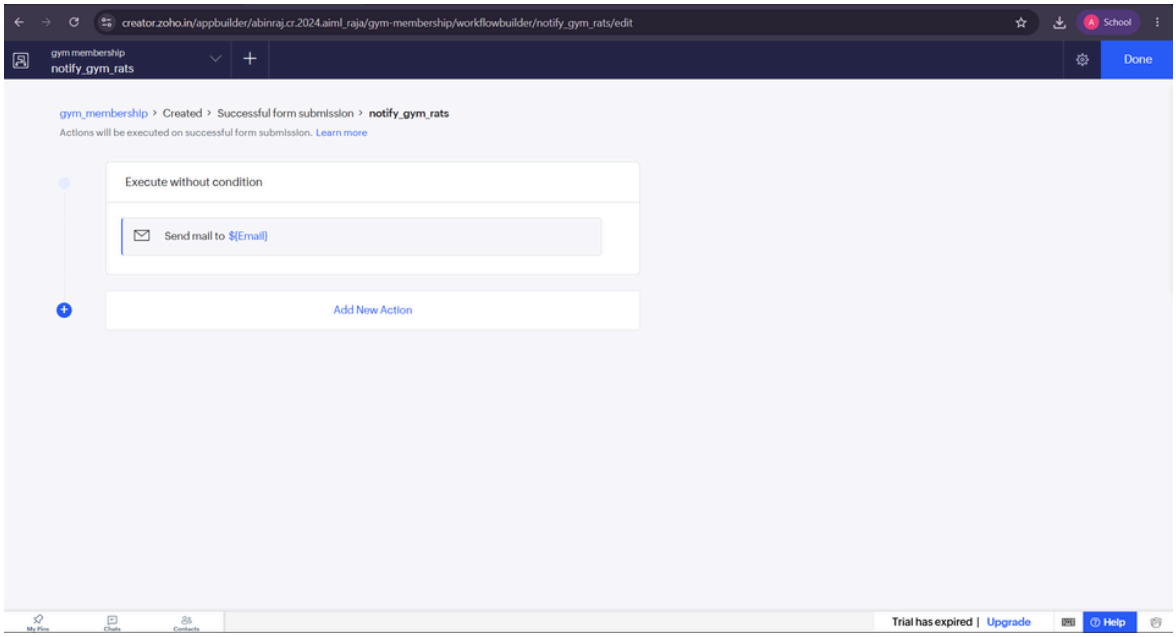

- Purpose: Maintains accurate membership information when records are edited through reports.
- Action: Updates relevant membership details, such as fee status or renewal information, based on configured conditions.

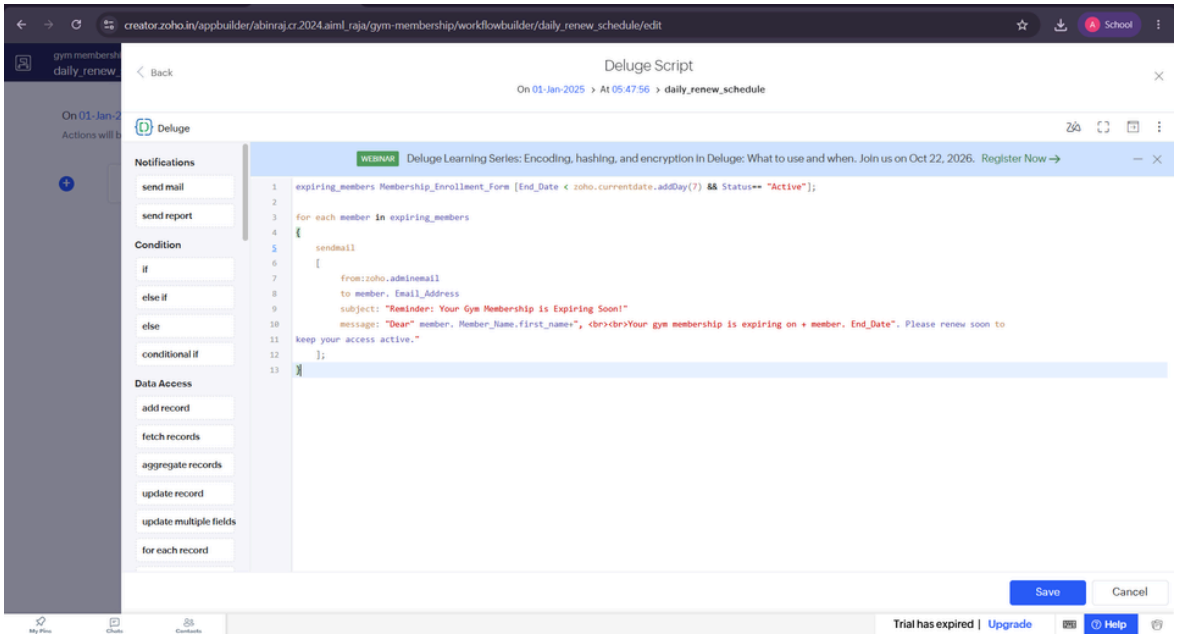

Function – Generate_Membership_Confirmation_Function

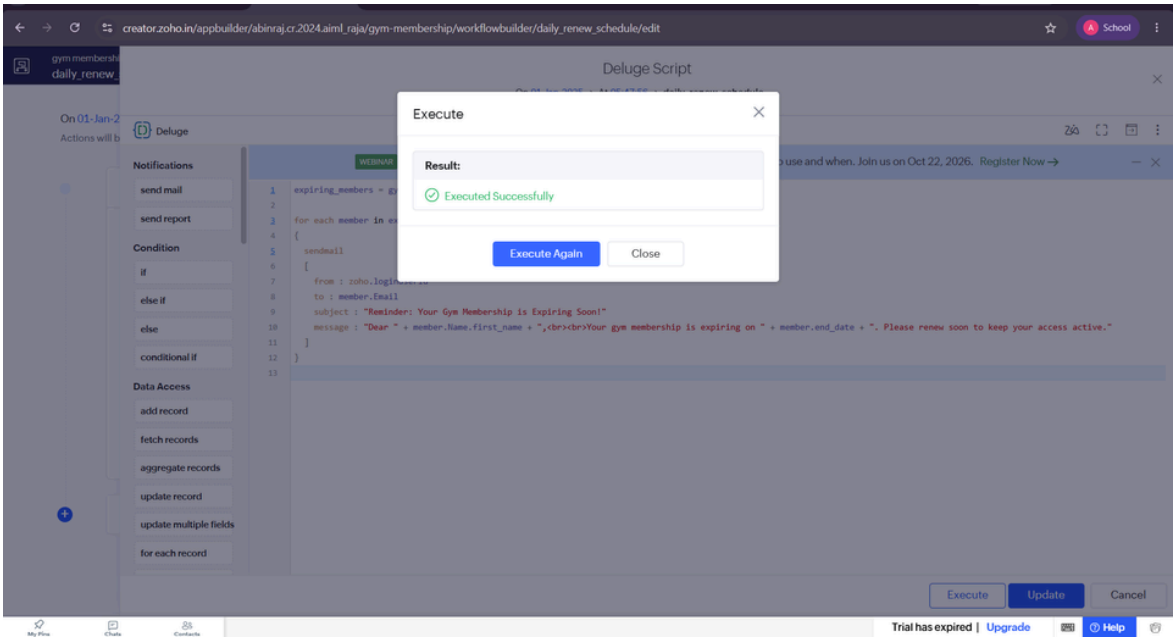

- Purpose: Generates membership confirmation notifications using member details.

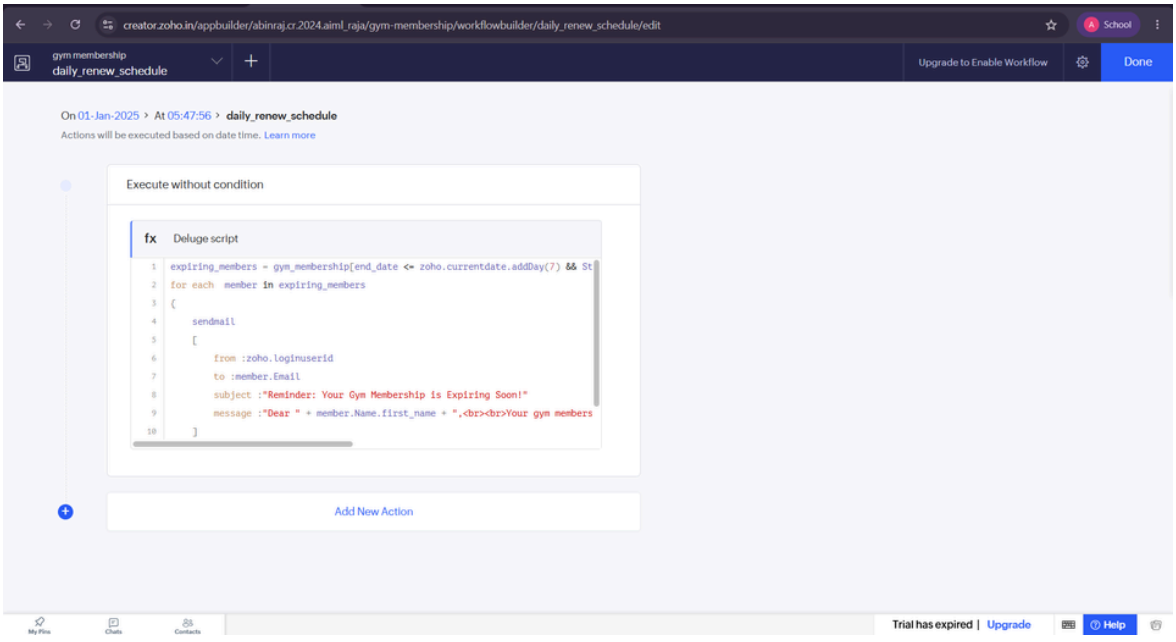

- Action: Retrieves the relevant member record and sends a confirmation containing membership information.
