EXPERIMENT – 05(a)

GYM MEMBERSHIP APPLICATION – ZOHO CREATOR REPORTS SUITE

Aim

To design and configure a complete suite of reports in Zoho Creator for the Gym Membership Enrollment application, demonstrating the use of all nine available Report Types for efficient membership management, monitoring, and analysis.

Reports Used Overview

S. No.	Report Type	Report Name
1	List View	All_Members_List
2	Spreadsheet View	Members_Spreadsheet
3	Kanban View	Membership_Status_Kanban
4	Calendar View	Membership_Start_Calendar
5	Map View	Member_Residential_Map
6	Timeline View	Enrollment_Activity_Timeline
7	Pivot Table	Plan_By_MembershipType_Pivot
8	Chart View	Plan_Popularity_Chart
9	Summary View	Trainer_Wise_Summary

Detailed Report Descriptions

1. All_Members_List (List View)

Purpose: Displays all registered gym members in a searchable list.

Features: Shows member names, contact numbers, membership plans, and fee status with sorting and filtering options.

2. Members_Spreadsheet (Spreadsheet View)

Purpose: Displays membership records in a spreadsheet format for easy management.

Features: Allows authorized staff to update attendance, fee status, and renewal dates.

3. Membership_Status_Kanban (Kanban View)

Purpose: Displays members as cards based on their membership status.

Features: Groups members into Enquiry, Enrolled, Active, and Expired categories for easy tracking.

4. Membership_Start_Calendar (Calendar View)

Purpose: Displays upcoming membership start dates in a calendar.

Features: Helps trainers schedule fitness assessments and induction sessions for new members.

5. Member_Residential_Map (Map View)

Purpose: Shows the geographical locations of gym members on a map.

Features: Helps identify member locations and plan local promotions and membership campaigns.

6. Enrollment_Activity_Timeline (Timeline View)

Purpose: Displays membership enrollment activities chronologically.

Features: Helps track enrollment trends and identify periods of increased or decreased registrations.

7. Plan_By_MembershipType_Pivot (Pivot Table)

Purpose: Compares membership plans with different membership types.

Features: Displays member counts for each category and helps identify popular membership plans.

8. Plan_Popularity_Chart (Chart View)

Purpose: Represents membership plan popularity using a bar chart.

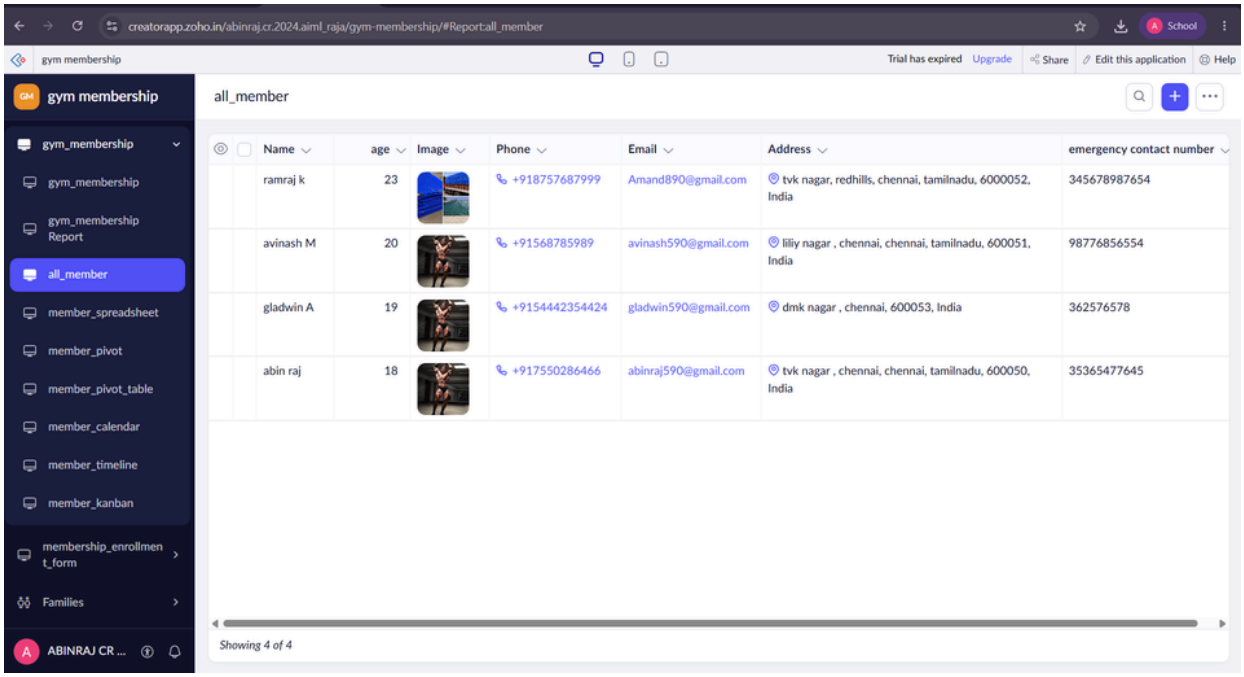

Features: Compares the number of members enrolled in each plan to support pricing and promotional decisions.

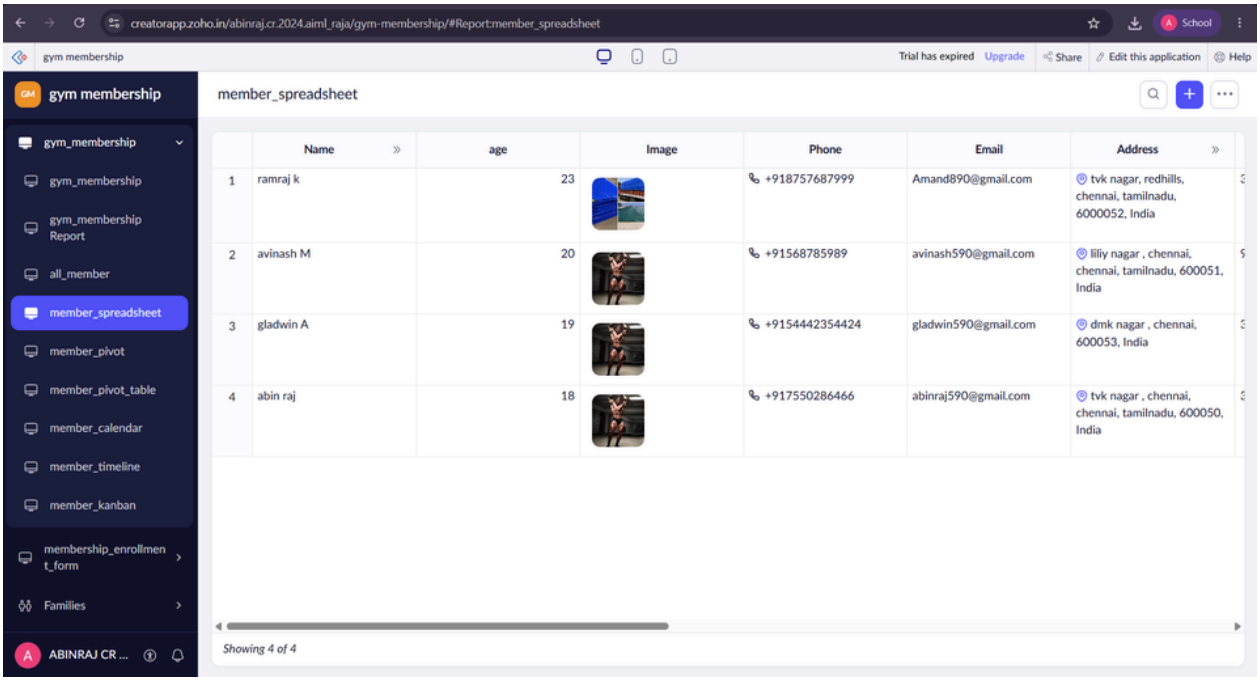

9. Trainer_Wise_Summary (Summary View)

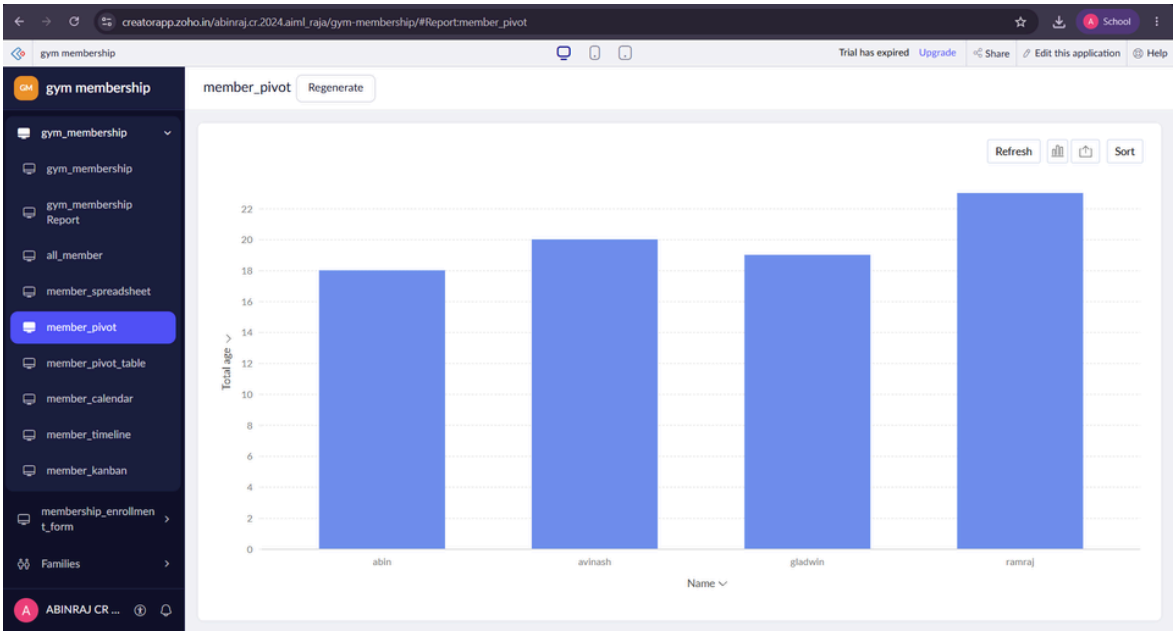

Purpose: Summarizes the number of members assigned to each trainer.

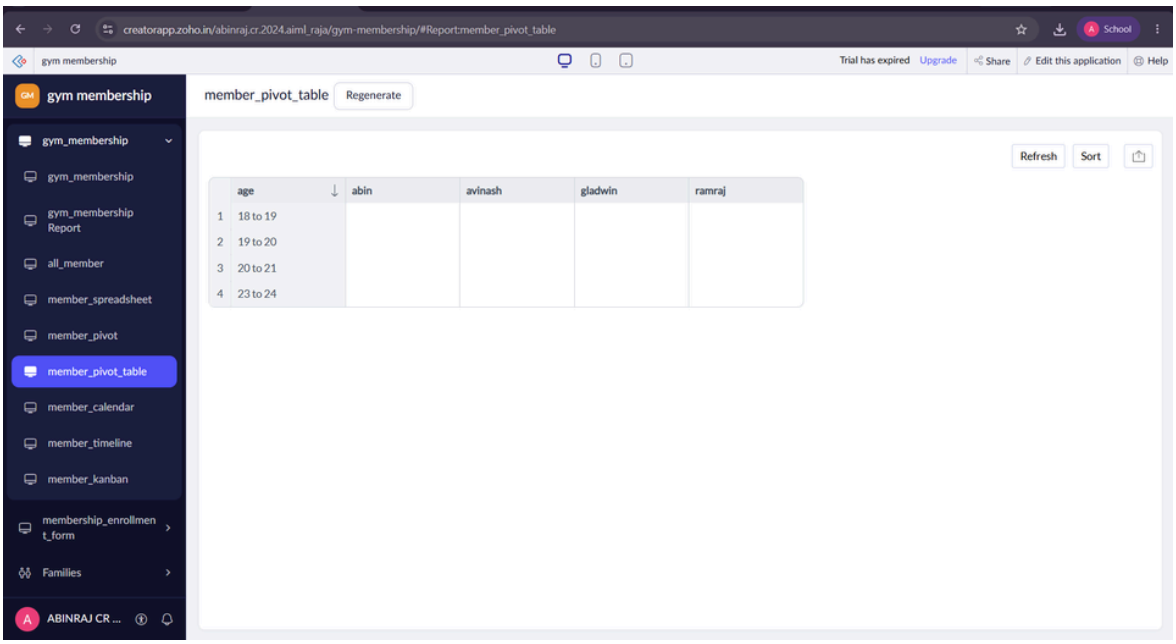

Features: Helps monitor trainer workloads and allocate members efficiently.

Result

The Gym Membership Reports Suite was designed using the nine report types available in Zoho Creator. The reports provide organized views of member details, attendance, fee status, enrollment schedules, geographical distribution, membership plan popularity, and trainer allocation, supporting efficient gym administration and decision- making.
